Welcome back to Term Two. We have a very exciting term ahead with lots of fun and learning. This term our focus is Under the Sea. The students have chosen this topic based on their interests of sea animals, beach, boats and pirates.

**Religious Education**

This term we will be completing the units “Rain/Water” and “Oceans”. The children will explore how religious education links into everyday life through wonder questions.

**Literacy**

There will be a focus on reading and writing. In Year One, there will be a range of different reading experiences including shared reading, guided reading, independent reading and home reading. During reading experiences we will be concentrating on reading for meaning, reading fluency, understanding and decoding unknown words. The students will write narratives, reports, lists and letters this term. In Pre-Primary there will be a focus on letter sounds to expand their knowledge of common words. The students will write lists and sentences this term.

**Mathematics**

In both Pre-Primary and Year One, we will be looking at the number concepts of numerals to count forwards and backwards from any given number. In Year One a focus will be placed on skip counting by two, five and ten. All students will be given addition and subtraction strategies at their level. They will also explore 2D and 3D shapes this term.

**Health**

This term’s Health focus is around Healthy Bodies and Healthy Eating. This will form the basis of the student’s weekly news. News plans go home on Monday and are be returned completed by the student on Friday for sharing.

**Parent Help**

Family members are always welcome in the classroom to help with morning activities. Please write your name on the roster located on classroom door.

**Things to Remember:**

- Sport Uniform Tuesday and Thursday
- Library and News Day Friday
- Class Assembly Friday 12th June

Kind Regards

Miss Jessica West
